Warranty 5 years, Prices in CHF, VAT included, product and price changes reserved, replaces all previous price lists

ISOLINK MAINS CABLES

| | | |
|--------------------|---------------------------------------|-----|
| IsoLink Wave | 1.5m, Schuko or Swiss to Schurter IEC | 200 |
| | IsoLink Wave extra 0.5m | 50 |
| IsoLink Ultra Plus | 1.5m, Schuko or Swiss to Schurter IEC | 800 |
| | IsoLink Ultra Plus extra 0.5m | 90 |

MAINS CONDITIONING PRODUCTS FOR AUDIO VISUAL SYSTEMS

| | | |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| VMC1080 Video Mains Conditioner | Conditioning for all types of flat screens and beamers; 5A max. cont. current | 440 |
| PowerLine Chroma | Conditioning for AV; spike and surge protection; 1 screen (4A max. cont. current), 3 low/medium current (6A mcc), 2 high current sockets; 10A mcc in total | 990 |
| | Schuko sockets standard; also available with CH sockets > no additional cost additional costs for 1x IsoLink Wave Wave 1.5m | 160 |

POWERLINE POWERSTRIPS

| | | |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| 6way | Straight powerstrip; no conditioning, no DC blocking; 6 sockets; 10A max. cont. current in total | 620 |
| Plus 6way | RFI attenuating earth line choke; 6 sockets; 10A max. cont. current in total | 720 |
| Ultra 6way | Conditioning for audio; spike and surge protection; 4 low/medium current (6A max. cont. current), 2 high current sockets (10A mcc); 10A mcc in total | 920 |
| NEW: Extreme | Conditioning for audio; DC blocking; spike and surge protection; 4 low/medium current (6A max. cont. current), 1 high current socket (10A mcc); 10A mcc in total | 1090 |
| | Schuko sockets standard; also available with CH sockets > no additional cost additional costs for 1x IsoLink Wave Wave 1.5m | 160 |

MAINS CONDITIONING PRODUCTS FOR ENTIRE SYSTEMS

| | | |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| InLine | High performance conditioning + DC blocking using same topology as MiniSub Axis; spike and surge protection; ideal for all-in-one systems; 1 socket; 10A max. cont. Current; silver finish only | 890 |
| MiniSub Wave | High performance conditioning; spike and surge protection; 4 low/medium current (6A max. cont. current), 2 high current sockets (10A mcc); 10A mcc in total | 1990 |
| MiniSub Axis | High performance conditioning + DC blocking; spike and surge protection; 4 low/medium current (6A max. cont. current), 2 high current sockets (10A mcc); 10A mcc in total | 2390 |
| SubStation Integra | Audiophile conditioning + DC blocking; spike and surge protection; 4 low/medium current (6A max. cont. current), 2 high current sockets (16A mcc); 16A mcc in total; 6A and 16A circuit breakers | 3990 |
| | Schuko sockets standard; includes IsoLink Wave 1.5m with Swiss connector black or silver finish (InLine silver finish only) | |

MAINS CONDITIONING PRODUCTS FOR SOURCE COMPONENTS AND POWER AMPLIFIERS

| | | |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| SubStation LC | Audiophile conditioning + DC blocking; spike and surge protection; 4 low/medium current sockets (8A max. cont. current); 8A mcc in total; 8A circuit breaker | 4990 |
| NEW: SubStation LCX | Based on SubStation LC, LCX adds another stage of conditioning for even better performance; audiophile conditioning + DC blocking; spike and surge protection; 6 low/medium current sockets (8A max. cont. current); 8A mcc in total; 8A circuit breaker | 6690 |
| | | |
| SubStation HC | High current audiophile conditioning + DC blocking; spike and surge protection; 2 high current sockets (16A mcc); 16A mcc in total; 16A circuit breaker | 4990 |
| | Schuko sockets standard; includes IsoLink Wave 1.5m with Swiss connector black or silver finish (SubStation LCX silver finish only) | |
